

## THE NEW CRUISE CRAFT E695HT

*From concept to completion - This is the most advanced Cruise Craft built to date*

Cruise Crafts latest model the E695HT - designed from the ground up by in house naval architects utilising the latest CAD marine design software to create Australia's premier fibre glass trailer boat.

This versatile and reliable vessel is designed to provide the ultimate fishing experience for anglers of all levels. The spacious deck provides ample room for fishing, while the comfortable seating and large cabin area make for a comfortable and convenient experience.

Fitted with the latest Yamaha outboard technologies and Garmin electronics this is a boating experience you don't want to miss.

**Available for viewing & further enquiry at the Wynnum Marine SCIBS Stand**

## KINGFISHER POWERCATS LAUNCH IN AUSTRALIA

*Official Australian Launch of the Kingfisher Powercats Range at SCIBS 2023*

New Zealand's award-winning trailer catamaran boats have landed in Aus. With models ranging from the 370 Tiller Steer up to the 670 Hardtop Powercat now available!

With more deck space, a smoother ride and greater stability over traditional Mono-Hulls Kingfisher Powercats offer a boating experience not seen at this level before in Australia.

**To check out the Kingfisher range visit the Wynnum Marine SCIBS Stand**
